RECEIVED  
★ MAY 5 1959 ★  
U. S. Department of Agriculture

Dear Garden Friends:

This year we are happy to introduce another Walla Walla origination, BLACK SATIN, a Hemerocallis hybrid of Mrs. W. H. Keen's, the most pleasing "black" we have seen. Full description of this choice variety appears in the listing.

Iris shipments start July 1st. Hemerocallis shipments will be made after August 1st, generally, but Spring shipments can be made if desired. For best results Spring shipments should be made very early. No substitutions will be made without your authority. If authorized, please suggest what you would like. This may help when we put in something extra.

BONUS EXTRAS. On orders of \$10.00 or more, you may select additional varieties as Bonus extras, up to one third of the amount of your remittance. Figure the third in your favor, to make it come out even.

All quotations are made subject to the availability of stock when your order is received. We pay postage on orders of \$3.50 or more. Please add 50¢ to smaller orders. No C. O. D. Shipments are made. State of Washington orders are subject to 4% sales tax.

## GENERAL LIST OF IRIS

ALI BABA. Large, unfading flower of garnet brown . . . . .	1.50
ALICIA. Tall, stately silvery blue . . . . .	.75
